

ALIEN ATTACK?!?

Last night something strange (happen).

I (be*) at my friend's place.

Suddenly we (hear*) strange noises.

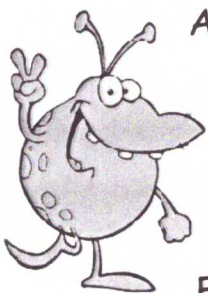

We (see*) a light in the window.

We quickly (run*) over to see what was the matter.

There (be*) a UFO in the garden!

* ... irregular verb

be:		
am	was	been
is	was	been
are	were	been

After a while a door (open).

Three little green aliens (come*) out.

They (walk) around our garden and

..... (look) behind our bushes.

Fred and I quietly (go*) out into the garden.

We (hide*) behind the apple tree.

The aliens (speak*) in a funny language.

Then, alien number four (leave*) the spaceship.

I (feel*) very scared.

The aliens (find*) a frog in the grass.

They (take*) the frog into their spaceship.

"Poor frog!", Fred (say*).

After a while the aliens (return) with the frog on a plate.

It (hold*) a guitar in its hand!

The aliens (put*) it in the grass.

The frog (play) a wonderful song.

That (be*) great! ☺

The aliens (get*) into their spaceship and

..... (go*) home again.

When I (tell*) Mum this story, she didn't believe me.
